

Problem 1 – The Three Monkeys

Create a Web page (HTML5 + CSS3 + images) that looks and behaves like the screenshots below:

You are given the above screenshots + all required images + the texts on the site.

Output

The output should be valid HTML5 + CSS3 + images that implement the above Web page.

Constraints

- Use google font **Open Sans** - <https://fonts.google.com/specimen/Open+Sans>
- The site should open correctly in the latest version of Chrome
- Pixel-perfect implementation is not required.
